

Myhre Equine Clinic

“31st Annual Veterinarian / Technician Conference”

March 10th & 11th 2011

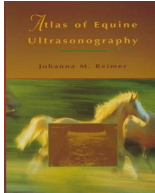

Dr. Johanna Reimer, VMD, Dip. ACVIM

“Ultrasound of the Forelimb & Select Body Cavity Imaging”

Day 1 Topics: Basic lower limb anatomy and abnormalities of the fetlock, pastern and foot as well as more advanced topics. The complexity of the carpal and fetlock sheaths, the upper limb (elbow, cervical facets, shoulder including the biceptital tendon & sheath), and how to avoid common pitfalls when ultrasounding the palmar metacarpus.

Day 2 Wet Lab: Bring your ultrasound machine or try out the new machines. If you have interesting and challenging cases, please refer them so we can all benefit. Owners should expect a 20% discount. Attendance is limited and was filled last year.

Day 1 Free to rDVM, Day 2 lab \$395
